Alexandra King is an associate in our Insurance & Health team and is based in our Brisbane Office.

"I am fortunate to be at a firm that is considered one of the premier insurance practices in the country. With an indisputable reputation for providing high quality legal advice and service, BN is the ideal place for me to grow my insurance expertise, and build upon my procedural skills."

Alexandra has practiced predominantly in defendant insurance litigation since her admission in 2015. She acts for domestic and international insurers, corporates and private clients specialising in:

- Public liability
- Personal injury
- Property damage

Alexandra has experience in motor vehicle and property damage recovery and defence claims and has autonomously managed a portfolio of over one hundred small to medium complexity matters, acting exclusively on behalf of insurers. In addition, Alexandra has acted in professional indemnity matters on behalf of construction professionals.

"I am most interested in specialising in personal injury and public liability. I enjoy working on legally challenging and complex matters, which will not only further my practical skills, but also serve in shaping the professional I will become."

Alexandra has appeared in Queensland Magistrate Court and Supreme Court proceedings and in matters in the New South Wales Local Court and General Division.

Alexandra has a Bachelor of Laws and a Graduate Diploma of Legal Practice. She is a member of YIPS.
