Amy Lucas is a senior associate in the Insurance & Health team, based in our Brisbane office. Amy joined Barry.Nilsson. as a clerk in 2009 and commenced as a graduate in 2011.

'I'm lucky to work with a very supportive team of professionals at Barry.Nilsson, who share a diverse range of experience across the Insurance industry.'

Amy's areas of specialism are:

- Public liability
- Product liability
- Professional indemnity

She also has extensive experience advising insurers on complex indemnity and insurance coverage issues.

'At Barry.Nilsson. I work on really interesting matters, across a range of insurance classes. The type of claims that I am exposed to varies from one day to the next and I enjoy getting to grips with the factual and technical aspects of each claim.'

Amy works for a range of public and professional indemnity insurers. She also works closely with the insured entities, in particular when managing matters within the Queensland Civil and Administrative Tribunal.

'I enjoy working with clients to develop a plan for handling a matter. My clients are always fully across their claims and understand the importance of having a clear strategy. I strive to maintain good working relationships between clients, insureds and intermediaries, which makes it much easier to make recommendations as to the conduct of a claim.'

Amy has a Bachelor of Laws (Hons) and a Bachelor of Arts.
