Andrew is an associate in our Insurance & Health team and is based in the Perth office.

'Having worked in large national and international firms, the prospect of joining a highly specialised insurance practice was very appealing to me. It's refreshing to work in an environment where every system is optimised for our type of work. I am also personally looking forward to building on the strengths of our eastern states counterparts to grow the health practice in Perth.'

Since Andrew's admission in 2016, he has practiced solely in insurance law, with a focus on:

- public liability
- professional indemnity
- health

Andrew works closely with clients, which include health care providers, statutory government bodies and professionals, to become intimately familiar with the nature of their business.

'It's incredibly rewarding to be able to resolve a complex factual or legal issue and deliver a good outcome for the client due to the benefit of specialised knowledge of the industry.'

Andrew has appeared in the Coroner's Court, District Court and Supreme Court of Western Australia as well as the Federal Court of Australia and acted in disputes in various other jurisdictions.

Andrew has a Bachelor of Laws, a Bachelor of Arts and a Graduate Diploma in Commercial and Resources Law. He is a member of the Law Society of WA.
