Ben joined Barry.Nilsson. as a graduate in our Adelaide office before being admitted in October 2017 and moving into a solicitor role.

"What stands out to me most about BN is their level of expertise and their willingness to share knowledge, both with junior lawyers and clients."

At BN Ben assists the commercial litigation and insurance teams with complex commercial disputes, workplace injury and professional indemnity matters for insurers, individuals and businesses.

"I enjoy working with a variety of clients, from insurers to individual businesses, and adapting to their individual situations."

"Having worked in a leading corporate law firm and undertaken an internship at a big four accounting firm, I understand the commercial pragmatism that accompanies legal decisions."

Ben won the South Australia state final for AILA's Ron Shorter Award for professionalism in public speaking, and came runner-up in the Victorian state final.

He graduated with a Bachelor of Laws (Hons), a Bachelor of Economics and a Graduate Diploma in Legal Practice.
