Brittany Anderson is a solicitor in our Family team based in our Brisbane office. Brittany joined Barry.Nilsson. through the vacation clerkship program, and is now nearing the end of the 2 year graduate program.

Whilst completing the vacation clerkship program, Brittany was "struck by Barry.Nilsson's commitment to mentoring and supporting junior team members. Now nearing the end of the firm's two year graduate program, I see how this culture of mentorship and support works to instil a wider culture of excellence throughout the firm."

"An invaluable aspect of BN's graduate program is having the opportunity to work with clients across the firm's practice areas. Each practice group has a varied client group with unique concerns and requirements. Having the opportunity to watch how the team at BN continually work to provide this varied group of clients with the best outcome possible has been a great learning experience."

In 2019 Brittany was one of three Queensland finalists in AILA's Ron Shorter Award for professionalism in public speaking.

Brittany has a Bachelor of Laws with Honours and Bachelor of Arts (majoring in Spanish and Political Science) from the University of Queensland, as well as a Graduate Diploma in Legal Practice.
