Lucy is an associate in our Insurance & Health team and is based in our Brisbane office.

"It is well-known that Barry.Nilsson. are experts in what they do. The firm has a great deal of combined knowledge and places significant emphasis on learning. This makes it the perfect place to progress professionally."

Lucy specialises in the area of Compulsory Third Party (CTP). Since her admission in 2014, Lucy has also garnered experience in the areas of:

- public liability
- occupiers liability
- property damage.

Lucy has previously worked in-house at a large Queensland CTP Insurer, and at a firm specialising in plaintiff and defendant insurance litigation. Such broad experience means Lucy can be more considered and commercial in her approach. She works closely with her clients to ensure their objectives for claims management are met, and is committed to achieving quality outcomes.

"I enjoy working closely with clients in the insurance sector because they are knowledgeable, and they share my interest in resolving claims quickly and decisively. No two matters are ever the same, and I enjoy unpacking complex issues to provide simplified advice."

Lucy is a committee member of Young Insurance Professionals. She also holds a Bachelor of Laws (Hons), a Graduate Diploma in Legal Practice, and is currently undertaking her Masters of Laws.
