Naomi is a solicitor in our Insurance & Health team and is based in the Melbourne office.

‘I joined BN to further enhance my knowledge and skills in insurance law. It was an added bonus that I joined such a friendly and knowledgeable team.’

Naomi acts predominantly for international and domestic insurers in the areas of:

- public and product liability
- personal injury
- property damage

‘I enjoy the investigatory and problem solving nature of insurance law. I also particularly enjoy assisting clients in overcoming challenges that arise in both the pre-litigation and litigation processes via clear communication and strategic case planning.’

Having previously practiced as a plaintiff solicitor, Naomi understands the importance of providing clear and concise advice to clients to help them navigate the complexities of civil litigation. Her objective when managing claims is to ensure her relationship with the client is based on confidence, trust and reliability.

Naomi holds a Bachelor of Laws and Bachelor of Arts. She is a member of the Australian Lawyers Alliance, Law Institute of Victoria and LIV Young Lawyers.
