FEBRUARY 3, 2012 | WHAT WE DO

---

We can help you across the board, but here are some examples:

- General aviation land and building leases or leases of land (with or without development obligations).
- Ground leases of airport land with major development provisions.
- Sensitive site leases and licences such as JUHI and fuel storage facilities.
- Acquisition and disposal of adjoining land.
- Freight facilities leases, licences and agreements.
- Easements and other restrictions benefitting and burdening airport land.
- Agreements with telecommunications companies.

If you would like to talk to us about property matters at your airport, [please contact our team](#).
